

# FOLLETT PARKER

## Navigating the changing talent dynamic together

---

We are living through a fundamental transformation in the way we work, but your need for high-performing teams remains.

People are looking for inclusive teams, flexibility and meaning in their work, and companies that care for people and planet.

\* Sources: PwC, The 100-year Life, EY, McKinsey.

Follett Parker was formed to help you capture the tangible value-add that comes with having different voices around the table by helping you build diverse teams.

With substantial experience in industry, within global financial markets, we are committed to helping you find your future leaders.

## Why Follett Parker?

**Extensive in-industry experience.** Our founder spent most of her career within global financial markets, most recently within private equity.

**We are not tied down by legacy processes.** We are nimble and can offer custom solutions that work for each situation.

**We are kind and we care.** We will listen and we will be relentless in pursuit of the right outcomes that work for your specific circumstance.

**Pending B Corp.** We truly care about people and planet, and have achieved Pending B Corp status only a few months after launching.
